Multiple Choice

10.30 am – 11.30 am

Exploring how you can work with multiple aperture mounts, border weightings and some simple ideas for bring a "group of images" together

- How various border weightings affect the impact of mounted work;
- Creating double mounts when borders vary;
- Planning and cutting a multiple aperture presentation;
- Cutting double mounts with multi-apertures
- Ways of bringing a group together: simple additional layer; inlay/faux double mount

Multiple Memorabilia

12.30 pm – 1.30 pm

Continuing on the theme of presenting pieces through multiple windows, this projects looks at how to make a medal, badge and photograph work well in one frame.

- Planning the project: mirror image and allowing for added depth;
- Working in layers
- Attaching the items: hinged; sewn; stuck (medal)
- Creating space between layers
- Assembling the piece

5 reasons to come and see us:

- 1) pick up some bargains
- 2) discover new products
- 3) see kit demonstrated
- 4) see our extensive moulding range
- 5) join our FREE seminars
