

Date:

Project brief:

Calculations

Code	Width	Code	height
Image Size	W1	H1	
Add Mount	S1	T1	
	S2	B1	
Total (Glass Size)	Width B	Height A	

With double mounts plan the project as if one border width. Use the purple dotted line and arrow to adjust for border width on outer mount.

Make a note below of your cut list:

1 Top / Outer mount (glass size): mm x mm

2 Bottom / Inner mount: (smaller than outer) mm x mm

3 under-mount: (glass size) mm x mm

Check List

Glass type	v-nail type
Tapes	Fixings
Backing board	Cord / wire

Glass size: _____ mm x _____ mm

Frame size: _____ mm x _____ mm (if framing add 2mm to each glass size dimension)

Moulding choice:

Mount Colour 1 (Top / Outer)

Mount Colour 2 (Bottom / Inner)
