

# Open Day

Friday, 11<sup>th</sup> June: 10.00 am – 2.30 pm

## Simple, Clean-Cut, Stylish

Find out about our FREE seminar: 11.00 am – 12.15 pm

### Keeping It Simple with Framed Photography

*The theme is all about keeping mount cutting and framing, simple, clean-cut and stylish. Rather than using colour as a main feature, we will be showing you how to employ structure, layered cuts and a few specialist products that work well. And all with a colour palette based on white. Demonstrations include:*

- Cutting mounts from 8 ply mount board
- Moulding colours and profiles that work well with pale mounts
- Using a white slip under the mount;
- Simple spacing
- Double mounts "out wide"
- Deep bevel mounts
- Simple v-grooves

All demonstrations will be made using latest Logan equipment so you also get to see how the new kit can help you.

BOOK NOW: contact DIYframing to reserve your place.

**Venue: DIYframing**

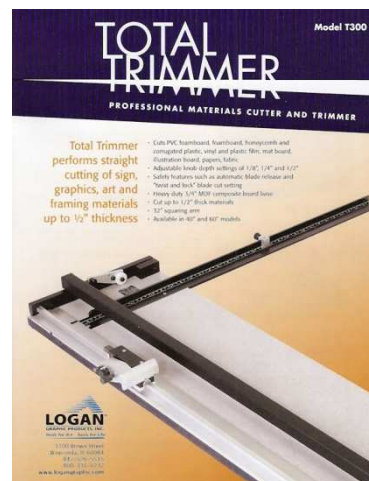

Woodlands Studio, Woodlands Farm,  
Burnham Road, Beaconsfield, HP9 2SF

As well as the FREE seminar there will be:

- Sales showroom - open with some great discounts;
- Bargains and clearance sales - mouldings from as little as 50 pence per metre;
- Ex demo tools;
- Demonstrations of equipment;
- Solutions to framing problems.

New cutters for 2010, from Logan
